Conformal Coating **WEBINAR**

January 19, 2022 at 4.00 p.m. and January 20, 2022 at 9.00 a.m.

The coating technology in the electronics industry continues to advance. The wide range of materials and application methods are specially adapted to the assembly to be produced. It is not easy not to lose the overview here!

In our webinar we will explain to you that selection and implementation of the appropriate procedure does not have to be unnecessarily complicated. Let our experts show you how you too can achieve the perfect material application in just a few steps can.

January 19, 2022 at 4:00 p.m. CET (for Americas, Europe)

January 20, 2022 at 9:00 a.m. CET (for Asia, Europe, ROW)

Registration:

sales@rehm-group.com

Duration of the webinar: 30 min

Main topics of the webinar

- Painting - why?
- Climatic hurdles of our sensitive and powerful electronics - field examples
- Which procedure is the right one for the respective Assembly?
- Errors during painting and drying and their prevention
- Software in harmony with technology - the perfect companion for your project
- ODB++ Integration - automatic project-creation
- MES and line concepts

Subject to substantive adjustments.
