

# REVIEW productronica

December 2, 2021 at 9.00 a.m. and 4.00 p.m.

The first trade fair in two years - the time when personal contacts were not possible seems to be over. The restriction to purely virtual exchange has been lifted and we can once again talk shop and discuss face-to-face about innovations and trends that move the industry.

For all those who did not have the opportunity to visit the trade fair or those who came with open

If you have any questions, we would like to give you the opportunity to inform yourself in detail about the exhibited systems and innovations.

Learn more about our coating and dispensing systems and our numerous processes in the reflow soldering area - convection soldering, condensation soldering or contact soldering. Drying systems round off our product portfolio.

December 2, 2021 at 9:00 a.m. CET (Asia, Europe)  
December 2, 2021 at 4:00 p.m. CET (Americas, Europe)

Registration: [sales@rehm-group.com](mailto:sales@rehm-group.com)

Duration of the webinar: 30 min.

## Main topics of the webinar

- Presentation of the exhibited products
- ProMetrics - profiling tool from REHM
