

# WEBINAR

## Conformal Coating

October 2, 2025 at 9.00 a.m. and 5.00 p.m.

The coating technology in the electronics industry continues to advance. The wide range of materials and application methods are specially adapted to the assembly to be produced. It is not easy not to lose the overview here!

In our webinar we will explain to you that selection and implementation of the appropriate procedure does not have to be unnecessarily complicated. Our experts will show you how you can achieve in just a few steps a perfect protection of your electronics.

**July 24, 2025 at 9:00 a.m.** CEST (for Asia, Europe, ROW)

**July 24, 2025 at 5:00 p.m.** CEST (for Americas, Europe)

**Registration:** [i.zielke@rehm-group.com](mailto:i.zielke@rehm-group.com)

**Duration of the webinar:** 30 min

The webinar is free of charge.

### Main topics of the webinar

- Conformal Coating - why?
- Climatic hurdles of our sensitive and powerful electronics - field examples
- Which procedure is the right one for the respective PCB Substrate?
- Errors during Conformal Coating and drying and their prevention
- Software in harmony with technology - the perfect companion for your project
- ODB++ Integration - automatic project-creation
- MES and line concepts

*Subject to substantive adjustments.*
